

HydraSight

Security Assessment Report

TARGET	10.10.10.15
DATE	2026-09-01 05:20:38
CONFIRMED RISK	CRITICAL
POTENTIAL RISK	CRITICAL
OUTCOME	Active session obtained
ENGINE	HydraSight v4.1.0

CONFIDENTIAL — For authorised recipients only.
This report contains sensitive security information.

Executive Summary

A security assessment was conducted against **10.10.10.15** on 2026-09-01 05:20:38. **1** finding(s) were successfully exploited, and **0** were independently verified. There are **0** candidate findings that remain unverified due to missing strategy coverage, and **0** that failed verification. An active session was obtained. Confirmed Risk Rating: **CRITICAL**. Potential Risk Rating: **CRITICAL**.

Verification Coverage

Metric	Value
Total Findings	3
Exploited	1
Verified	0
Failed Verification	0
No Verification Strategy	0
Error / Not Applicable	0

Environment Summary

Metric	Value
Open Ports	3
Credentials	1
Sessions	1
Web Paths Found	0

Proven Access / Exploitation

CRITICAL	MS17-010 EternalBlue (SMB RCE)	pending_verification	PROVEN
----------	--------------------------------	----------------------	--------

SMBv1 vulnerable; exploit confirmed SYSTEM shell.
Remediation: Review best practices for MS17-010 EternalBlue (SMB RCE).

Candidate Findings With Strategy Support

LOW	RDP exposed	pending_verification	SUPPORTED CANDIDATE
-----	-------------	----------------------	---------------------

RDP reachable on 3389/tcp.
Remediation: Review best practices for RDP exposed.

Recovered Credentials

Type	Username	Secret	Source
password	administrator	P@ssw0rd-lab	smb

Access Sessions

Access Level	unknown
Method	—
Target	10.10.10.15
Timestamp	2026-09-01 05:20:38

Open Ports & Services

Port	Proto	Service	Version
80	tcp	http	
445	tcp	microsoft-ds	
3389	tcp	ms-wbt-server	

Remediation Recommendations

1	CRITICAL	
Review best practices for MS17-010 EternalBlue (SMB RCE).		
2	LOW	
Review best practices for RDP exposed.
